We are holding a parent forum on the traffic and road safety issues that we are currently experiencing. We will share the challenges that we face and hope to gather your ideas about possible solutions.

It will be held on Monday 30th September at 2.30pm in the Infant School "Link" room. Everyone welcome.

Climate Change

Last Friday, I went to the climate protest with my mum and little brother. Some other families from Ladysmith went too. I wanted to go because I think it is important to stop climate change and save our futures. I took a placard that I made. There were thousands of people and some people were dressed up. The climate protests started because a girl called Greta Thunberg started missing school because she was worried about climate change, and now there are protests all over the world.

I went to the Climate strike in Exeter with my dad. I wanted to go because Climate change is real and we need to stop it - if we don't do something now, our future could be disastrous. We went to Bedford Square where there was a huge crowd of people

with placards and banners. We met with Danny and his parents

and we marched to County Hall. Danny and I were interviewed by the BBC and we were on the news as part of their Global Climate Strike coverage.
