Colour Run and End of Term **PARTY!**

Sponsored by The Exeter.

There is one week to go until our fabulous Colour Run!

Our fun run with a difference takes place on the Junior School field after school on **Friday 12th July.**

As you run around the course, our volunteers will shower you with water and paint powder, leaving you looking extremely colourful by the end - and, if last year is anything to go by, with huge smiles on your faces!

Wear old clothes (white shows the colours the best) and sunglasses or goggles so that the powder doesn't get in your eyes.

Have lots of fun and raise money for our schools in the process! You can buy online at <http://www.tinyurl.com/lscolour>

Alongside the run, there is free entry to our End of Term Party with lots of summer fair stalls and games.

(N.B: Tickets are required for the run only; entry to the summer fair is free!)

Sporting Events

We have enjoyed lots of fantastic sporting events over the last few weeks with tennis tournaments, Sports Days and football tournaments.

Below are a selection of pictures from these events—as always, we were overwhelmingly proud of the children's determination and the way they support and encourage each other.

Space Youth Services are holding Summer Clubs across the County during the school holiday, dates so far announced for Exeter 100 Club, The Junction in Newton Abbot and Rushbrook in Totnes. Go to their website and scroll to the 'What's Coming Up' section to see dates and venues.

The Challenging Behaviour Foundation (CBF) have lots of free downloadable information resources on their website.

Bis-net - Supporting a Young Person with Challenging Behaviour [Exeter] Thursday 4th July from 09:30 continuing on Friday 5th July 14:30 at Jubilee Club, 4 Main Road, Pinhoe, Exeter, EX4 8HS A two day workshop for parents & professionals, aimed at anybody supporting a young person who is at risk or displaying socially isolating, challenging or aggressive behaviours.

The techniques covered in this course can be applied to both younger children and teenagers. Time will be spent allowing parents to adapt the principles to their particular child's needs. A diagnosis is not required to attend this course as the techniques are designed to be supportive for all and a wide range is covered to allow parents to hand pick those that are most appropriate.
