Achievement

Well done to all of our stars of the week this week:

Year 3:

Amira, Alicia and Katie

Year 4:

Arabella, Kacey and Lili

Year 5:

Harley, Olli, Samit and Izzy

Year 6:

Louie, Sophie, Luke, Sam, Danny and Sky

Year 3 STEM project

The year 3 children were set the task this week to design and create a model of a device that cleans our oceans. They worked brilliantly together in groups across all 3 classes and Alex Banks, who came to talk to the children and judge the entries was impressed with the imagination and creativity shown by the children.

The children were all confident to talk through their models and explain how they would work, how they would be powered and which special features they had incorporated into their designs. Congratulations to all of the groups; it looks like the future of our planet is in safe hands...
