Adventure

Wildlife Champions

Year 2 Wildlife Champions enjoyed learning about how to encourage Insects into our environment. Next term we are going to be building habitats and planting flowers to attract more insects into Forest School. They also had a great time taking part in a sensory walk and of course getting very muddy!

Achievement

In our celebration assembly Jackson Cox received 3 swimming certificates!

Our Top Doodling Class this week was Turtle Class—keep up the good work.

Well Done to all of our Team Player Penguins and Stars of the Week.

Federation News

Corona Virus Update

Please be assured that Ladysmith Infants, Nursery and Junior Schools are following advice from Public Health England and the Department for Education with regards to any necessary precautions and actions that need to be put in place. At the moment, the advice is that schools should remain open and continue to operate as normally as possible. We have highlighted the importance of washing hands and we are reminding the children to 'catch it, bin it, kill it' if they cough or sneeze.

Wonderful West Town Farm

The Year 1 children had a wonderful week visiting West Town Farm. Although the weather was very changeable over the three days the level of fun was the same! The children pretended to be badgers with black and white striped faces. They were able to forage for wild garlic which they put into a dough that they had made and then cooked over the camp fire. The best part was obviously eating the bread which everyone agreed was delicious. The children planted beans that will hopefully grow into broad beans. Kevin and Jo were amazing hosts and as always Kevin entertained the children around the camp fire with a lovely story about a farmer. A magnificent time was had by all and we are looking forward to our Summer visit!

Junk Modelling

The children love to make models out of recyclable materials. It's a great opportunity for them to be creative and use their imagination.

We use materials like: cereal boxes, egg boxes, bottle tops, foil trays, product packaging, food nets, pipe off-cuts, fabric remnants and buttons.

Please can you collect and bring in any recyclable materials for our junk modelling area and pass them to a staff member.
Thank you

Our next 'Working Together' Drop-in session will be on Wednesday 25th March at 9am, in the Link Room at the Infant School.

As well as the usual cuppa and chat with both SENDCos and Family Support Workers, we will have a member of the School Nursing team popping in to provide information about services they offer and support they can give.

All parents and carers across the federation are invited - we even have space/toys for younger siblings too.
