

Y3 SUMMER 2ND HALF TERM

Our final stretch!

Well here we are in the final part of our Year 3 journey, and what an amazing journey it has been! We have loved watching the children grow in confidence and belief as the year has progressed. Thank you to everyone for all your efforts with supporting your child, and us, during this tricky year. As always, if you have any questions or problems, then please come and see your class teacher and we can find a solution together. This half term presents lots of exciting opportunities for outdoor learning and memorable experiences. Below you will find key learning for the half term. While some topics/units may change, others will stay the same - such as our overall Geography enquiry - a comparison of the River Exe and River Nile.

Geography Learning – we will continue to develop our geography skills by comparing the River Exe and River Nile

Key learning in Maths

Fractions:

- Understand parts of a whole, of a set of objects and numbers.

Time:

- To be able to tell the time accurately, understand durations and measuring time.

Properties of shape:

- To understand angles, compare them and 2D/3D shapes

Mass and capacity:

- Understand mass and capacity and be able to accurately compare

Key learning in English

Key Text - An anthology of Intriguing animals

KEY OBJECTIVES:

- Write a non-chronological report.
- Write a character description

Key Text - A River

KEY OBJECTIVES:

- Create a poem

Homework

It is really important that children are taking home their library books and bringing them back to school everyday. Children should still be reading their library books daily, either independently, or/and with an adult and recorded in their reading record.

We will be continue to complete weekly times tables and spellings tests on a Friday.

PE

Our PE days will be Tuesdays and Thursdays. We will be learning team games and striking/fielding.

Music

We will be learning how to play the tin whistle.

Memorable Moments

Make art out of junk.
Go on a geography fieldtrip

Science

We will be investigating all things plants.

RE

We will be learning about making the world a better place.

ICT

Developing our coding skills.
